The Story In Your Home

We redefine the comfort and style in your home

“Each armchair opens a special page within the fabric of life. We reshape the design, comfort and meaning of these special pages. Our armchairs are a stage not just for sitting, but for enjoying life, reinforcing friendships and strengthening family ties. What our furniture tells about you And we are here to create a world that reflects you. Each armchair tells a special story and expresses your style. For us, design is not just a goal when it comes to comfort and personalization, it is a philosophy of life.

The best for you and your home, Movena

We invite you to the world that creates
and inspires style of Movena...
